▶ 1:1 Tuition

The Dyslexic, Dyslexia Consultant: Elizabeth Wilkinson, does 'what she says on the tin' (so to speak!) She is Dyslexic and she's a dyslexia consultant!

Learning isn't all about books & worksheets!

Elizabeth prides herself on offering specialist 1:1 tuition, that not only covers education but nurtures the soul too.

"Tuition needs to be fun, interesting & individual, if it is to be successful..."

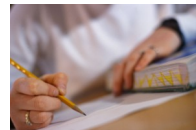

Elizabeth Wilkinson 2010

Empathy & Understanding

It's because Elizabeth is Dyslexic, that she has great empathy when tutoring.

Being dyslexic means she understands mainstream schooling methods are generally not that effective for dyslexic students.

"... we dyslexics don't have difficulty learning, we just learn differently!"

Elizabeth works with each individual and teaches each individual about dyslexia & how it affects them as an individual.

Elizabeth actively promotes the positive side of dyslexia as well as highlights strengths & excellent coping strategies that individuals have created and use on a day to day basis.
